Please join us in celebrating the 15th year of our dance Showcase. We are excited about making this a very special event this year. We feature dancers ranging from professionals to beginning students - ballroom to country dancers and choreographed group routines. Dinner and open dancing to Casanova follows the showcase. It has always been a fun-filled afternoon for all who attend.

We also invite you to participate in the Showcase as well. It's a good way to show off your dancing skills, no matter what level, or practice for upcoming competitions in a relaxed atmosphere. More information on registering will be available later for those who are interested.

Hope to see you there!
